

ANATEC

THE CHOICE
OF RELIABILITY

A RANGE OF MONOHULLS & CATAMARANS SUMMARIZED IN 3 TYPOLOGIES

IVY

FOREST

OAK

ENERGY	Lead 6V (weight: 1.7kg/each)	Lithium 7.4V (weight 750g/each) +30% autonomy	Lithium 7.4V (weight 750g/each) +30% autonomy
MOTORISATION	Standard (charbon)	Standard (charbon)	Digital (Brushless)
RADIO CONTROL	AN-i6x (4 batteries)	AN-i6x (4 batteries)	DE-SR07 (battery)
	<i>The historical boat with components still just as reliable and durable.</i>	<i>It includes a lithium battery for more lightness and autonomy.</i>	<i>The integration of Brushless motors combined with lithium batteries provides a performance level at the cutting edge of technology.</i>

HOW TO CHOOSE AN ANATEC BAIT BOAT?

Transportability

Maneuverability

Capacity

THE PACBOAT

Compact and lightweight, the PACBOAT is the most popular bait boat in the range. It is the perfect choice for beginners in this practice, as well as for anglers who want to keep their equipment volume low during their sessions.

THE MONOHULL

The MONOHULL is a symbol in the world of bait boats. It is an extremely versatile and robust boat. It performs well in all waters and can be equipped with a multitude of options to make the angler's life easier. It remains a bestseller and undoubtedly a must-have from ANATEC to this day. A reliable choice!

1 hatch version

3 hatches version

THE MAXBOAT

The MAXBOAT is a catamaran-type boat characterized by unparalleled stability and excellent maneuverability. It is the ideal compromise between power, precision, and loading capacity. A must-have returning to the range in 2025 for the delight of the most demanding anglers.

THE CATAMARAN

The CATAMARAN: the ultimate weapon! The largest and most powerful boat in the range. On the water, it is a real tank that can withstand the harshest conditions. Thanks to its large transport capacity, it is essential for delivering large quantities of bait while maintaining unparalleled stability and maneuverability.

Our workshops are at your disposal for any specific requests concerning the assembly of boats that are not in our catalog.

PACBOAT START'R FOREST + AN-I6X

Compact and easy to use - The PACBOAT START'R EVO is the first model in the Anatec bait boat range - Equipped with AN-i6X remote control - Forest finish - Dimensions : 59 X 28 X 25 cm - Weight : 4.5 Kg
