LET'S GO FISHING

A NEW ERA

This season heralds a new era for SERT. To differentiate the company name from the brand name, we will now offer our product selection under the SRT brand. This change comes with a new logo and the tagline 'Let's Go Fishing', inviting you to enjoy a fishing trip! We also offer new, easy-to-identify packaging with different colours depending on the types of fishing (coarse, trout, predator, carp, sea, multi-fishing). The many new products will delight beginners and occasional anglers! Let's go fishing?
